**ENGLISH FIRST ADDITIONAL LANGUAGE P1
MARKING GUIDELINE**

MARKS: 80

This marking guideline consists of 10 pages.

INSTRUCTIONS TO MARKERS

1. Candidates are required to answer ALL the questions.
2. This marking guideline serves as a guide to markers. Some responses may require a marker's discretion.
3. Candidates' responses should be assessed as objectively as possible.

MARKING THE COMPREHENSION

- Because the focus is on understanding, incorrect spelling and language errors in responses should not be penalised unless such errors change the meaning/understanding. (Errors must still be indicated.)
- If a candidate uses words from a language other than the one being examined, disregard those words, and if the answer still makes sense, do not penalise. However, if a word from another language is used in a text and required in an answer, this will be acceptable.
- For **open-ended questions**, no marks should be awarded for YES/NO or I AGREE/I DISAGREE. The reason/substantiation/motivation is what should be considered.
- When one-word answers are required and the candidate gives a whole sentence, mark correct **provided that** the correct word is underlined/highlighted.
- When two/three facts/points are required and a range is given, mark **only** the first two/three.
- Accept dialectal variations.
- For multiple-choice questions, accept BOTH the letter corresponding with the correct answer AND/OR the answer written out in full.

SECTION A: COMPREHENSION**QUESTION 1**

- 1.1 1.1.1 Playing sport has many benefits. ✓ (1)
- 1.1.2 In the past high school sport was very limited, ✓ but today there is a variety of sporting codes to choose from. ✓ (2)
- 1.2
- Learners would sit around idly. ✓
 - They would watch television. ✓
 - They would play video games. ✓
- NOTE:** Accept any ONE of the above answers. (1)
- 1.3 1.3.1 The writer wants to emphasise/highlight ✓ that only 14%/very few/a minority of the learners engage in dangerous/reckless behaviour. ✓ (2)
- 1.3.2 Learners who do not play sport have nothing exciting to look forward to at school, so they lose interest. ✓✓ (2)
- 1.4 1.4.1 It is the title of the journal. ✓ (1)
- 1.4.2 '... performed ten percent better ...'
- NOTE:** Do not penalise if quotation marks and/or ellipsis are omitted. (1)
- 1.5 1.5.1 The writer means that many valuable life lessons are learnt outside of school, for example on the sports field. ✓ (1)
- 1.5.2 Learners who want to perform well at school should spend time doing schoolwork instead of with friends. ✓
By working hard, they will achieve better results. ✓
By not giving up, they will be successful. ✓
- NOTE:** Accept any TWO of the above answers. (2)
- 1.6 B/guide ✓ (1)
- 1.7 Learners form lasting friendships because they spend time together/share a common love for sport. ✓ (1)

- 1.11 Open-ended. Accept a suitable response, e.g.

Yes. Playing sport teaches you discipline, leadership skills and to be a team player. It makes your body stronger, is enjoyable and a good stress reliever. Furthermore, it can improve your life expectancy, your mood and your attitude.

OR

No. Sport can be dangerous and does not guarantee an improved life expectancy. Playing sport exposes you to lifelong injuries, poor self-esteem if you do not always do well and the pressure of always wanting to win can become intense. ✓✓

NOTE: The above are merely examples. Do not award a mark for Yes or No. Accept other suitable responses. A candidate can score 1 mark for an answer that is not well-substantiated. Accept a combination answer. (2)

- 1.12 Open-ended. Accept a suitable response, e.g.

The title is suitable because it is linked to the article which is about playing sport at high school. The passage focuses on the many advantages of playing sport and how it can benefit learners for life. Playing sport leads to personal growth and helps learners to cope with challenging situations.

OR

The title is not suitable because playing sport is neither the only thing that leads to personal growth nor does it guarantee to benefit every learner after school. Taking part in cultural activities and community projects plays a major role and has its advantages too. ✓✓

NOTE: The above are merely examples. Do not award a mark for Yes or No. Accept other suitable responses. A candidate can score 1 mark for an answer that is not well-substantiated. Accept a combination answer. (2)

- 1.13 'volunteers.' ✓ (1)

- 1.14 Five (5) more provinces can be reached. ✓ (1)

- 1.15 The smile on the learner's/boy's face shows that he is excited about reading and being a part of this programme. He shows confidence and realises the importance of reading at a young age. Being a part of this programme will change his life. ✓✓ (2)

1.16 Open-ended. Accept a suitable response, e.g.

Yes. It is important because many children attend school but cannot read. Some children need individual attention which is not always possible in the classroom. This organisation provides assistance in smaller groups.

OR

No. South African children are avid readers and learn to read from a young age. Every child in our country has access to a school where teachers teach them to read. This programme only reaches a small group of learners so it cannot profess to be successful in reaching all children. ✓✓

NOTE: The above are merely examples. Do not award a mark for Yes or No. Accept other suitable responses. A candidate can score 1 mark for an answer that is not well-substantiated. Accept a combination answer.
