1. INTRODUCTION

The *Curriculum and Assessment Policy Statement (CAPS)* for Music outlines the nature and purpose of the subject Music. This guides the philosophy underlying the teaching and assessment of the subject in Grade 12.

The purpose of these Examination Guidelines is to:

- Provide clarity on the depth and scope of the content to be assessed in the Grade 12 National Senior Certificate Examination in Music.
- Assist teachers to adequately prepare learners for the examinations.

This document deals with the final Grade 12 external examinations. It does not deal in any depth with the School Based Assessment or the Practical Assessment Tasks as these are clarified in a separate document which is updated more regularly.

This guideline should be read in conjunction with:

- *National Curriculum Statement (NCS) Curriculum and Assessment Policy Statement (CAPS): Music*
- *National Protocol of Assessment: An addendum to the policy document, the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF), regarding the National Protocol for Assessment (Grades R–12)*
- National policy pertaining to the programme and promotion requirements of the National Curriculum Statement, Grades R–12

2.2 Practical Performance Examinations

2.2.1 Organisation

- The final practical examinations take place from August to the end of October.
- These examinations are assessed by a panel of at least two, preferably three examiners, consisting of a moderator (subject advisor) and one or two instrumental specialists (teachers) unless there are extraordinary circumstances, in which case the schools will be informed of the examination model to be used.
- Candidates may not be examined by teachers from their own schools (including external instrumental teachers) but may be accompanied by such teachers. Accompanists may only be present in the examination venue for the actual performance of the relevant piece(s).
- The Music teacher of the school or the instrumental teacher may attend the examination as an observer, but may not discuss or know the marks.
- No marks may be divulged to the teacher, instrumental teacher or the parent. All practical marks must be treated with strict confidentiality like all written papers in all subjects.
- A timetable is set up in consultation with the school and the provincial department by the provincial co-ordinator.
- An attendance register must be signed by all candidates on the day of the examination.
- All aspects of the examination are assessed during a session of approximately 30–40 minutes per candidate.
- The examination venue need not be on the school premises but must be suitably equipped and silence must be maintained around the venue.
- Candidates must be dressed in their school uniforms.
- All documentation, e.g. aural tests and sight-reading samples will be provided by the provincial department.

2.2.2 Conduct during the examinations

- Examiners and candidates must arrive at the examination venue at least 30 minutes before the starting time.
- Candidates must provide a copy of an official scale list for the scales and technical work.
- Candidates must provide an original published score and two copies of all the pieces in their chosen repertoire.
- Candidates must provide a copy of their IDs on entering the examination venue.

2.2.3 Standardisation of the examinations

- Teachers must ensure that the standard of the chosen repertoire is at an acceptable level. Level descriptors can be found on page 11 paragraph 2.6 of the *CAPS* document. Any uncertainties about the required standard should be followed up with the provincial subject advisor at the beginning of the Grade 12 year. Presenting pieces below this standard will result in proportional penalisation calculated as follows:

Intermediate Level (Higher)	Grade IV	Mark × 4/5
Intermediate Level (Lower)	Grade III	Mark × 3/5
Elementary Level (Higher)	Grade II	Mark × 2/5
Elementary Level (Lower)	Grade I	Mark × 1/5

- Candidates offering more than one instrument may choose to do their technical work and sight-reading on any of their instruments.
- Candidates offering voice must prepare all the prescribed technical exercises, of which five will be assessed plus one vocal study. Alternatively, candidates may choose to present two vocal studies and omit technical exercises.

- Candidates offering African instruments or percussion must prepare all the prescribed technical exercises/rudiments, of which five will be assessed plus one study. Alternatively, candidates may choose to present two studies and omit the technical exercises.
- A study can be any independent, complete piece of music that improves a musical skill (expression, tone production, technique etc.). The title does not need to include the words study, etude or exercise, and it may be accompanied (in case of a single line instrument).
- The standard of the studies must be at an Advanced Level (Grade V).
- In each stream (IAM, Jazz and WAM) candidates will do a sight-reading test in the examination.
- Candidates will be given up to one minute preparation time during which they have to study the sight-reading piece without making any sound with their instruments/voices.
- Aural tests will be provided by the provincial department and will include three different tests: sight-singing, clapping a rhythm and singing of triads (including singing of chords for IAM and JAZZ).
- Sample assessments follow later in the document.

2.3 Taxonomy

- Varying cognitive levels will be reflected in all written papers according to the following ratios.

30%	Low-level questions (Levels 1 and 2)
40%	Medium-level questions (Levels 3 and 4)
30%	High-level questions (Levels 5 and 6)

The table below gives an indication of the different levels at which questions may be set.

3. FOUNDATIONAL KNOWLEDGE**3.1 Practical (Topic 1)**

The prior knowledge acquired and skills developed up to Grade 12 are absolutely essential for the successful presentation of Music as a subject in the final year of study.

Candidates cannot start with Music as a subject in Grade 12 unless they have already acquired the required practical performance skills.

3.2 Written Examination: Paper 1 (Topic 2 and Topic 3)

Music Literacy (Topic 2), by its very nature, is accumulative in the FET phase. Therefore, the content of the Music Literacy section of the paper will include foundational knowledge.

General Music Knowledge (Topic 3) includes the study of the music industry which is compulsory for all three streams. The specific questions of the three streams (IAM, JAZZ, WAM) will be asked from the Grade 12 content. It is important, however, that candidates have a general knowledge of the basic elements of music, styles of music, instruments and form.

3.3 Music Comprehension: Paper 2

All skills and application of knowledge acquired in Grades 10 and 11 will be assessed together with the new content knowledge acquired in Grade 12.

4. QUALITY OF CONTENT, THE USE OF LANGUAGE AND PRESENTATION**Presentation**

- Music Literacy and Aural questions containing music notation must be answered in pencil and must be clear and unambiguous.
- All other questions must be answered in blue or black ink.
- Where form analysis is done, the conventions of form analysis must be followed, e.g. sections indicated above the score, key and chords below the score and compositional techniques in the score.

Types of answers in General Music Knowledge

- Answers should present relevant information in full sentences with correct spelling, punctuation and grammar.
- Single-word answers or bullet form should only be used when specifically requested.
- Answers presented in paragraph format must be coherent and logical.
- Essay-type questions must include an introductory paragraph, body (containing one or more paragraphs) and a concluding paragraph. Marks will be awarded for correct use of this essay format.

5. ASSESSMENT CRITERIA

The assessment criteria for technical work, sight-reading and performance pieces are provided below.

- If an adult or teacher performs with the candidate, at least one other learner must be part of the ensemble.
- Ensemble works played by more than two Grade 12 candidates must be played as many times as deemed necessary by the examiner.
- Improvisation may form part of any of the pieces, but a lead sheet must be provided for the examiner's convenience.
- Candidates who present pieces at a higher standard than the required minimum level will be assessed at the specific standard. They will therefore not be advantaged unless they perform the pieces with technical competence, accurate characterisation and stylistic insight. This means that the candidate who presents pieces at a higher level, but plays them inadequately, will be assessed in the same way as a candidate who plays inadequately at the minimum level.
