NOVEMBER 2014

MEMORANDUM

MARKS: 300

This memorandum consists of 52 pages.

NOTES TO MARKERS

1. For marking and moderation purposes, the following colours are recommended:

Marker:	Red
Senior Marker:	Green
Deputy Chief and Chief Marker:	Black/Brown/Pink
Internal Moderator:	Orange

2. Candidates' responses for SECTIONS B and C must be in full sentences; however, this would depend on the nature of the question.
3. A comprehensive memorandum has been provided but this is by no means exhaustive. Due consideration should be given to an answer that is correct but:
- Uses a different expression from that which appears in the memorandum
 - Comes from another source
 - Original
 - A different approach is used

NOTE: SECTION A:

- There are no alternative answers.
- Each question has only one correct answer.

4. Take note of other relevant answers provided by candidates and allocate marks accordingly. (In cases where the answer is unclear or indicates some understanding, part-marks should be awarded, for example, one mark instead of the maximum of two marks.)
5. The word 'sub-max' is used to facilitate the allocation of marks within a question or sub-question.
6. The purpose of circling marks (guided by 'max' in the breakdown of marks) on the right-hand side is to ensure consistency and accuracy in the marking of scripts.
7. In an indirect question, the theory as well as the response must be relevant and related to the question.
8. Incorrect numbering of answers will be penalised. This is only applicable to Section A and Section B.
9. No additional credit must be given for repetition of facts. Indicate with an R.
10. Subtotals to questions must be written in the right-hand margin. Circle the subtotals as indicated by the allocation of marks. This must be guided by 'max' in memo. Only the total for each question should appear in the left-hand margin next to the appropriate question number.
11. Note that with effect from 2012 (final examination) no marks will be awarded for indicating Yes (✓✓)/No (✓✓) in evaluation-type questions requiring substantiation or motivation. (Applicable to SECTIONS B and C.)

12. The difference between 'evaluate' and 'critically evaluate' can be explained as follows:

- (a) When 'evaluate' is used candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance, e.g. Positive: *'COIDA eliminates time and costs spent on lengthy civil court proceedings.'* ✓
- (b) When 'critically evaluate' is used candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance. In this instance candidates are also expected to support their responses with more depth, e.g. *'COIDA eliminates time and costs spent on lengthy civil court proceedings, because the employer will not be liable for compensation to the employee for injuries sustained during working hours as long as it can be proved that the business was not negligent.'* ✓

NOTE: 1. Mark allocation should also be considered.
2. The above could apply to 'analyse' as well.

13. **SECTION B**

13.1 If, for example, FIVE facts are required, mark the candidate's FIRST FIVE responses and ignore the rest of the responses. Indicate by drawing a line across the unmarked portion or use the word 'Cancel'.

NOTE: This only applies to questions where the number of facts is specified.

13.2 If two facts are written in one sentence, award the candidate FULL credit. Point 13.1 above still applies.

13.3 If candidates are required to provide their own examples/views, brainstorm this at the marking centre to finalise alternative answers.

13.4 **USE OF THE COGNITIVE VERB AND ALLOCATION OF MARKS**

13.4.1 Where the number of facts are specified questions that require candidates to 'explain/discuss/describe' will be marked as follows:

- Heading/Fact 2 marks
- Explanation 1 mark (or as indicated in the memorandum).

The 'heading' and 'explanation' are given separately to facilitate mark allocation.

13.4.2 If the number of facts is not specified, the candidate must be informed by the nature of the question and the maximum marks allocated.

13.5 ONE mark will be awarded for answers that are easy to recall, requires one-word answers or is quoted directly from scenario/case study. This applies to SECTIONS B and C in particular.

14. **SECTION C**

14.1 The breakdown of the mark allocation for the essays is as follows:

Introduction	Maximum: 32

TOTAL	40

14.2 Insight consists of the following components:

Analysis and interpretation:	(Learners' ability to break down the question/interpret it correctly to show understanding of what is being asked.)	2

Originality:	(Examples, recency of information, current trends and developments.)	2
TOTAL FOR INSIGHT:		8

TOTAL MARKS FOR ESSAY (8 + 32)		40

 - 3. No marks will be allocated for layout, if the headings 'Introduction, Conclusion,' etc. in 'Insight' is not supported by an explanation.**

14.3 Indicate insight in the left-hand margin with a symbol e.g. ('L, A, S and/or O')

14.4 The components of insight are indicated at the end of the suggested answer for each question.

14.5 Mark all relevant facts until the MAXIMUM mark in a subsection has been attained. Write MAX after maximum marks have been obtained.

- 14.6 At the end of each essay indicate the allocation of marks for facts and marks for insight as follows: (L – Layout, A – Analysis, S – Synthesis, O – Originality) as in the table below.

CONTENT	MARKS
Facts	32 (max.)
L	2
A	2
S	2
O	2
TOTAL	40

- 14.7 When awarding marks for facts, take note of the sub-maxima indicated, especially if candidates do not make use of the same subheadings. Remember headings and subheadings are encouraged and contribute to insight (structuring/logical flow/sequencing) and indicate clarity of thought. (See MARK BREAKDOWN at the end of each question.)
- 14.8 If the candidate identifies/interprets the question INCORRECTLY, then he/she may still obtain marks for layout.
- 14.9 If a different approach is used by candidates, ensure that the answers are assessed according to the mark allocation/subheadings as indicated in the memorandum.
- 14.10 (a) Award TWO marks for complete sentences. Award ONE mark for phrases, incomplete sentences and vague answers.
- (b) With effect from November 2015, the TWO marks will not necessarily appear at the end of each completed sentence.
