# SENIOR CERTIFICATE EXAMINATIONS/ NATIONAL SENIOR CERTIFICATE EXAMINATIONS

### **ACCOUNTING P2**

#### MARKING GUIDELINES

2023

**MARKS: 150** 

#### **MARKING PRINCIPLES:**

- 1. Unless otherwise stated in the marking guidelines, penalties for foreign items are applied only if the candidate is not losing marks elsewhere in the question for that item (no penalty for misplaced item). No double penalty applied.
- 2. Penalties for placement or poor presentation (e.g. details) are applied only if the candidate is earning marks on the figures for that item.
- 3. Unless otherwise stated, give full marks for the correct answer. If answer is incorrect, mark the workings provided.
- 4. If a pre-adjustment figure is shown as a final figure, allocate the part-mark for the working for that figure (not the method mark for the answer). Note: if figures are stipulated in marking guidelines for component parts within workings that earn no part marks, these will not carry the method mark for final answer as well.
- 5. Unless otherwise indicated, the positive or negative effect of any figure must be considered to award the mark. If no + or sign or bracket is provided, assume that the figure is positive.
- 6. Where indicated, part-marks may be awarded to differentiate between differing qualities of answers from candidates.
- 7. If candidates provide more that the required number of responses, inspect all responses to give benefit to the candidate. Penalties may be applied for foreign entries if candidates earn full marks on a question (max -2 per question)
- 8. This marking guideline is not for public distribution, as certain items might imply incorrect treatment. The adjustments made are due to nuances in certain questions.
- 9. Where penalties are applied, the marks for that section of the question cannot be a final negative.
- 10. Where method marks are awarded for operation, the marker must inspect the reasonableness of the answer.
- 11. Operation means 'check operation'. 'One part correct' means operation and one part correct. Note: check operation must be +, -, x, ÷ as per candidate's calculation (if valid) or per marking guidelines.
- In calculations, do not award marks for workings if numerator & denominator are swapped this also applies to ratios.
- 13. In awarding method marks, ensure that candidates do not get full marks for any item that is incorrect at least in part. Indicate with a ⊠.
- 14. Be aware of candidates who provide valid alternatives beyond the marking guideline. Note that one comment could contain different aspects.
- 15. Codes: f = foreign item; p = placement/presentation.

These marking guidelines consist of 10 pages.

Correction of error	360		360 ✓✓		
Balance as per Bank Account	(44 080)	*could be DR	44 080 ☑		
		87 050	87 050		

check 1.2.2 to assess if candidate has calculated a favourable or overdraft balance

-1 Presentation (inappropriate / no details provided);

If DR and CR are not indicated, award the marks if candidate has swapped the columns for all entries (inspect balances); otherwise, assume that the first column is Debit.

In awarding the method mark for the balancing bank statement figure, ensure that the candidates do not get full marks for including any incorrect figure/s. Indicate with a ⊠ (Principle 13).

#### 1.2.4 Violet noticed problems with the depositing of cash. Explain TWO measures that she can use to address these problems.

TWO valid points ✓✓ ✓✓ part marks for incomplete / unclear responses Must relate to the cash deposits of the business.

- Implement a depositing routine / policy on daily or regular depositing.
- Employ a different person to be responsible for depositing money (division for duties for one mark).
- Engage the services of a cash in transit company (security services) / or split large amounts into smaller deposits.
- Supervise / conduct independent check / authorise funds to be deposited / inspect documentation (deposit slips) before and after deposit times.
- Encourage more customers to pay by EFTs (less cash handling).
- Set up a bank notification service for all transactions (to receive SMS).
- Do regular or random reconciliations using mini statements from banking application, as an interim control measure / cash and credit card transactions can also be reconciled daily, to avoid errors later.

**TOTAL MARKS** 30

9

DBE/2023

<sup>-1</sup> foreign items / superfluous items, (only if mark/s are earned elsewhere for the same figure) max -1 Candidates are expected to indicate DR and CR columns

## SC/NSC – Marking Guidelines

DBE/2023

#### **QUESTION 2**

2.1.1 – 2.2.2: check workings when awarding method mark on final answer for reasonableness.

W	ORKINGS		ANSWER
[300 – 60] one mark [	270 – 240] one m	n.mark	
240 ✓ x R 4 100 ✓	+ 30 ☑	x R 4 000 ✓	1 104 000 🖸
984 000 two marks	120 0	00 two marks	one part correct, if the stock values are add
If only amounts are used:			
[1 230 000 - 246 000] two m	arks [1 600 00	00 – 1 480 000] two mark	s
984 000		120 000	

5

2.1.2 Calculate: Stockholding period (in days) of the Arctic TV sets using the closing stock figure on 28 February 2023

WORKINGS	ANSWER
Choose only ONE option  see 2.1.1  1 104 000	67 days ☑ one part correct; If x 365 Days not necessary
OR: if units are used	OR
$\frac{270}{1550}\text{one mark}  \text{X} 365$ $1550\text{one mark}$ Numerator and denominator must be marked as such / all amounts are stand-alone	63,6 days
	Accept 64 days

3

2.2.1 Calculate: Value of the closing stock of the Pacific TV sets on 28 February 2023 using the specific identification method

20 February 2023 using the specific identification method			
WORKINGS	ANSWER		
Only calculation for Pacific Brand (350 one mark + 800 one mark )  1 150 ✓ ✓ — 765 ✓  385 three marks X R9 300  Using stock values: Opening stock purchases cost of sales 3 255 000 + 7 440 000 − 7 114 500 one mark one mark  Using stock balance at the end of each quarter: (500 + 155 − 160 − 110) 385 units x 9 300			

4

2.2.2 Calculate: Gross profit on the Caspian Smart TV sets on 28 February 2023

	WORKINGS	ANSWER			
10 93	4 400 ✓ x [60 /160] ✓				
OR	10 200 x 60% R 6 120 one mark x 670 one mark	4 100 400 ☑			
OR	$^{10200x670}$ R $^{6834000}$ one mark $^{x}60\%$ one mark	one part correct			
OR	$10\ 934\ 400\ { m one\ mark}\ -6\ 834\ 000\ { m one\ mark}$				

3

Accounting/P2 5 DBE/2023 SC/NSC – Marking Guidelines

2.2.3	Comment on the quarterly sales of Pacific TV sets and explain whether or not Mandie's adjustment of the selling price was a wise decision. Quote figures or calculations.			
	Explanation or comment on decision  The reduction in price was not a wise decision ✓ because: (any of the following) ✓ sales did not increase as expected / decline in sales over each quarter / money tied up in stock / decline in gross profit over time.			
	<ul> <li>Comparative figures ✓✓ any two figures from each point (could include figures from 1<sup>st</sup> and last quarter)</li> <li>Units sold dropped per quarter (from 250 or 245 units) to 160 (by 85) to 110 (by 50) / by 56%.</li> </ul>			
	<ul> <li>Gross profit per unit declined in each quarter (from R4 200) to R1 000 to R500.</li> <li>Sales revenue declined (from R3 375 000) to R1 078 000 in the last quarter.</li> </ul>	4		
004	Closing stock is 35 units more than opening stock (385 – 350).      Comment and the standard line and the Basifian and Comming TV and the standard line and the standard li			
2.2.4	Comment on the stockholding periods of the Pacific and Caspian TV sets. Quote figures or calculations.  Comment on Pacific ✓ figure ✓  SHP of 184 days (6 months) is long, and it is an older model that will not be able to be sold in the future / A decrease in units sold resulted in high stock value of R3 580 500 see 2.2.1 and lower profits.			
	Comment on Caspian ✓ figure ✓ SHP of 71 days (2,3 months) is acceptable as it is new, a durable product that can easily be sold / is in demand.			
	* Accept a combined answer with appropriate comments and figures: e.g. 113 days or 3,8 months (two marks).	4		
	Explain how the different holding periods affect the business financially. Quote figures or calculations. Be alert to combined responses with relevant explanations / figures.			
	<ul> <li>Explanation for Pacific ✓ Figure/s ✓</li> <li>Pacific places the business under strain / contributes to cash flow problems.</li> <li>High closing stock value of R3 580 500 see 2.2.1 and slower rate of sales (from 250 units) to 110 units. means that money is tied up in stock / requires more liquid assets / incurs additional expenses due to insurance / storage costs / possible obsolescence, damage.</li> </ul>			
	<ul> <li>Explanation for Caspian ✓ figure/s ✓</li> <li>Caspian brand sells well; 340 &amp; 330 in two quarters / sales revenue is high (R5 548 800 and R5 385 600 or R10 934 400); better gross profit (R4 100 400 see 2.2.2) / minimises the pressure on liquidity / will be able to recoup investment in stock in the near future.</li> </ul>	4		
	Explain what these periods indicate about the preferences of the customers.			
	Quote figures or calculations.			
	Explanation (mention both brands, or is implied) ✓✓ part marks for incomplete / unclear responses  Customers not interested in the Pacific TVs (old technology) / might be negatively affected by the introduction of the newer brand / They prefer the newer, more expensive Caspian.			
	Figures (comparison of each brand) ✓✓ Gradual lowering of SP (from R13 500) to R9 800 of Pacific did not influence customers.  They are prepared to pay more for Caspian, R16 320 vs R9 800 for better quality, or later			
	technology, better features / low sales: compare (110 to 330 / 160 to 340 / 270 to 670)units /	4		
225	Caspian sells faster; 83,75% of available units were sold whilst 66,5% of Pacific was sold.			
2.2.5	Provide TWO points of advice to Mandie on how she can rectify the high stock levels of some of her products without reducing prices offered to customers any further.			
	TWO valid points ✓✓ ✓✓ part marks for incomplete / unclear responses			
	Transfer TVs to the other branch (Howick) to offer an alternative at that town.			
	Extend the target market / exploring other areas / guesthouses / hotels.			
	Sell them in bulk to other retailers (offer bulk discounts).      Introduce online color as a cost poving initiative.			
	<ul> <li>Introduce online sales as a cost-saving initiative.</li> <li>Donations / Donate as part of corporate social responsibility / tax purposes.</li> </ul>			
	<ul> <li>Donations / Donate as part of corporate social responsibility / tax purposes.</li> <li>Promote sales by advertising more regularly or creating package deals (combo's).</li> </ul>	_		
	Offer more favourable terms ( lower deposit / instalments).			
	• Offer incontings to calcapareness based on calca volume	4

COST OF PRODUCTION OF FINISHED GOODS 33 500 x 475 15 912 500			$\checkmark\checkmark$

10

Misplaced items: award marks for workings only, (See DLC) If the final answer is correct, but no workings are provided, award the working marks only.

#### 3.2 STYLZ MAKER

## 3.2.1 Do a calculation to confirm that the break-even point for 2023 is correct.

Numerator and denominator must be marked as such / Numerator is a stand-alone figure

Sales at BEP total FC VC at BEP **OR** 8 810 576,2 – 6 100 000 – 2 710 576,2 = 0

3

Accounting/P2 7 DBE/2023 SC/NSC – Marking Guidelines

Comment on the level of production and the break-even point for the past two years. Explain whether Lez Styles would be happy about the trends in these results and the profit he is earning. Provide figures or calculations.

Explanation  $\checkmark \checkmark$  (must include comparison between production and BEP for full marks) Comparative figures  $\checkmark \checkmark$ 

#### Possible responses for 4 marks:

- The business produced 5 685 units more than BEP (10 500 4 815) / made a profit on 5 685 units / on 54% of units produced / profit of R7 202 895 (R1 267 x 5 685).
- The business made a profit on 5 685 units in 2023 compared to a profit on 2 233 units / on 34% of units produced in 2022 (6 500 – 4 267); an additional 3 452 units.

#### Response for 2 marks maximum:

If production is not compared to BEP, award marks for only ONE option below:

- Production increased by 4 000 units (10 500 6 500) / by 61,5%.
- BEP increased by 548 units (4 815 4 267) / 12,8%.

4

3.2.2 Explain why Lez is not concerned about the fixed costs increasing to R6,1 m in 2023. Quote figures.

Explanation 🗸 Figures 🗸 part marks for incomplete / unclear responses

- Enjoys economies of scale due to an increase in production (from 6 500 units) to 10 500 units / by 4 000 units / by 61,5%.
- Fixed cost per unit decreased (from R631) to R581 / by R50 / by 7,9%, due to increased production.

4

3.2.3 Identify how the selling and distribution costs in total and per unit changed over the two years. Quote figures.

Actual comparative amounts (figures) ✓

Total S&D costs increased (from R300 000) to R1 200 000 / by R900 000 / 300%.

Per-unit comparative figures ✓

The unit costs increased (from R46) to R114 / by R68 / by 148%.

2

Explain TWO reasons why Lez deliberately wanted to adjust this cost.

Any TWO valid reasons. ✓ ✓ accept short statements

- Wanted to be more competitive in the international market.
- Wanted to <u>reach a wider market</u> appeal to foreign markets.
- More affordable to overseas customers / will be prepared to pay.
- Needed to spend more to take into account exchange rates.
- Anticipated more expensive shipping costs and custom duties.

2

Accounting/P2 8 DBE/2023 SC/NSC – Marking Guidelines

3.2.4 Lez made specific decisions to improve the business and its product. Explain how the decisions he took have benefited the business by providing:

Two separate points relating to the raw material. Quote figures or calculations.

\* be alert to the same point expressed differently.

TWO different points explained ✓✓ ✓✓ part marks for incomplete / unclear responses	Specific figure/s for each point ✓ ✓
<ul> <li>Prepared to pay a higher price for a better quality material to produce a better quality shirt.</li> </ul>	Paid R200 (R110 in 2022) / 81,2% per metre more.
<ul> <li>Increasing the price did not deter or discourage customers from buying the new shirts.</li> </ul>	4 000 more shirts sold / SP increased (from R1 430) to R1 830 / by R400 / by 28%
Good quality material resulted in less wastage in production.	Used 1,8m material per shirt in 2023 (2,5m in 2022).  Used 43 200m to make 10 500 shirts in 2023 (44 000m for 6 500 shirts in 2022) / 800m or 1,8% less.

6

Two separate points relating to direct labour. Quote figures or calculations.

be alert to the same point expressed differently.

TWO different points explained ✓✓ ✓✓ part marks for incomplete / unclear responses	Specific figure/s for each point ✓ ✓
Better recruitment and training resulted in a more motivated and efficient workforce.	Produced an extra 4 000 units / 62% more in 2023. Average output per worker increase (from 433) to 875 shirts / 442 more / 5,5 shirts per hour compared to 3,4 shirts per hour in 2022.
Investment in equipment and training resulted in reduced direct labour cost.	DLC decreased by R24 000 / DLC per unit decreased (from R148) to R89 / by 40%.
Decreasing the number of workers and paying an higher average wage (in recognition of skills) led to better performance in production.	From 15 to 12 workers / Average wage increase(from R64 000) to R78 000 / by R14 000 / by 22%.
Maintaining the hours worked per worker resulted in a drop in the total hours in production (& a drop in total wages) but did not negatively affect production.	1 920 hours per worker / total hours dropped (from 28 800) to 23 040 / by 5 760 / 20%. DLC decreased by R24 000.
